[XRUSH] RESPONSE: A call was made to appl. counsel Mark Litman on 10/31/05 to inform him the amt to the "related application data" was improper since it referred to a later filed application. It was agreed to not enter this part (continuing data) of the amt and use the originally filed continuing data in the amt of 11/9/98. An interview summary will be included. In sum, please use of continuing data of TRNA 11/9/98 for printing. INITIALS: [Signature]

NOTE: This form will be included as part of the official USPTO record, with the Response document coded as XRUSH.
